

“Education is the key because education is the only way to reduce poverty, hunger, hate and terror and therefore the most important element to peace building.”

Ute-Henriette Ohoven

For the SDGs, Sustainable Development Goals also known as Global Goals, to be achieved in 2030 for a safe and humane world and protect our planet, the most important key is: **EDUCATION FOR EVERYONE.**

In the last 30 years, we have supported over 700 projects in 103 countries and thereby given approximately 2.8 million children, adolescents, and women a chance at a more humane existence.

### Worldwide Projects in 2020

We must create tangible opportunities and income generating measures in home countries and continents to sustainably reduce poverty and climate driven refugee migrations.

### HOW CAN YOU HELP?

Join us in making our planet a livable place going forward for **ALL** of us. It is our responsibility to leave a world for our children and grandchildren that at least remains as we found it. It is estimated that 70 million people are fleeing or in migration. Assist us in giving them the opportunities and help to help themselves in their home continents.

## It's about YOU!

### Who We Are YOU FOUNDATION

The YOU Foundation – Education for Children in Need, an initiative of UNESCO Special Ambassador Dr. h.c. Ute-Henriette Ohoven, is committed to providing qualitative and inclusive education to the world's poorest countries. The Foundation and its founder follow the **values and mission of UNESCO** and its Education Agenda 2030, focusing on the new Sustainable Development Goals of the United Nations also known as the Global Goals.

Particular attention is paid to four thematic areas of the Global Goals including Nr. 4 Quality Education, Nr. 5 Gender Equality, Nr. 10 Reduced Inequalities, and Nr. 16 Peace and Justice. An important focus of the Foundation is on projects that promote **education and vocational training, health, human rights, and income generating measures to sustainably combat the root causes of migration and flight from countries of origin.**

## What We Support

Quality Education and Vocational Training

Strengthening and Empowering Women

Gender Equality

Income Generating Measures

Health and Human Rights

The YOU Foundation (previously the Foundation for UNESCO) was founded in 2002. The Foundation's origins lay in the program entitled "Education for Children in Need" which began in 1992. The YOU Foundation is in official relationship with UNESCO.

We have supported hundreds of projects and programs worldwide in cooperation with our on-the-ground teams and partners. With our UNITED TEAMS (an alliance between the YOU Foundation and HOPE'87) we are active in 12 countries.

### YOU FOUNDATION PROJECTS SUPPORT:

- UNESCO Education Agenda 2030
- UN SDGs – Sustainable Development Goals
- UNESCO Priority Africa
- Germany's Marshall Plan with Africa
- African Union Agenda 2063
- and country-related agendas where we work

Guiding principle of the Agenda 2030 of the UN Member States: **"Leave No One Behind"**

# Together for a More Humane World

## VISION

The YOU Foundation – Education for Children in Need is actively working to promote their principle of "helping people help themselves," and continues to pursue their mission of allowing every child access to quality education.

We oppose injustice, believe in help for self-help, promote sustainable development and improved living conditions and advocate for equal opportunities and human rights.

Our project accounts are individually lead and managed with complete transparency.

## PROJECT MONITORING AND CONTROLLING

During the complete project cycle, our projects are regularly controlled with qualified reporting processes in place.

## Our Skills

### TECHNICAL EXPERTISE

#### Education

- Supporting qualified personal development as a basis and opportunity to self-define life and create future perspective for all
- Training of Trainers (ToT) is a further priority
- Water and sanitary facilities and WASH (water, sanitation, and hygiene) programs

#### Self-sufficiency and Income Generating Measures

- Micro-Entrepreneurship training
- Independence and teamwork training support
- Saving and credit program training support, Access to credit
- Professional education and training

#### Disaster Relief and Rehabilitation

- Water and sanitation facilities, drinking water and food
- Temporary accommodations and WASH (water, sanitation and hygiene) programs
- Psychological assistance
- Rebuilding of schools, education and training centers and health stations

### LONG TERM IMPACT

All our projects share the same goal: long term impact for people and their countries. On all our projects, we aim to ensure that upon implementation the programs are self-supporting or managed by responsible government bodies, communities, or interest groups to ensure sustainability and self-reliance.
